Technical Rider updated on july 2022

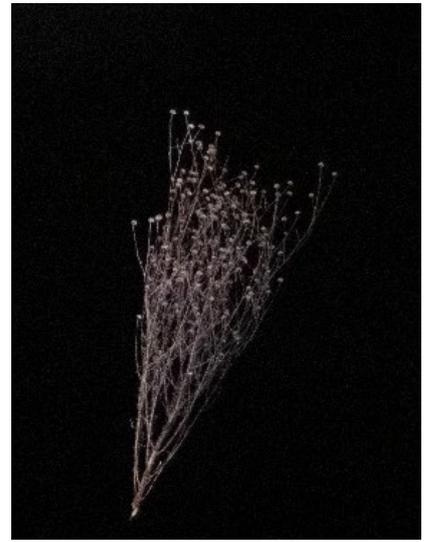

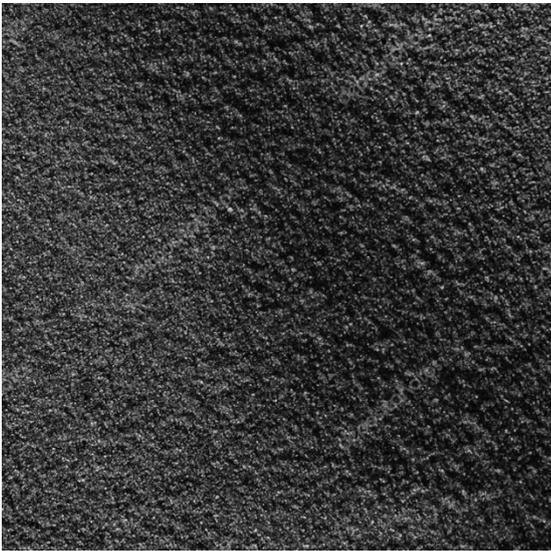

- ANNEXE VERSION AVION / TRAIN

If the company travel by plane or train, we can't afford to carry all settings with us. An adaptation is requested:

The organisers commit to supply the following elements:

- 1 black carpet that we can cut into an 8x6m ellipse
- 4 bags of 10kg of charcoal
- 200 Kg of black or grey sand: with 100kg of 2mm grey crushing sand/basalt used for construction work and 100kg of 2mm black quartz (possible adaptation could be negotiated).
- 1 wooden stick, about 2m long
- 1 thin dry branch about 1m
- 6 large wicker baskets between 40cm and 1m big (possible adaptation could be negotiated)
- 6 large stones: 3 about 25-30cm large, and some smaller
- 200ml Olive oil
- 500g rice flour
- 1 black paint spray
- Small tools: screwdriver, scissors, adhesive tape
- 1 additional person to help set up the sets

- **SET UP SCHEDULE**

Allow an additional day to adapt the sets with new elements. Thank you for checking with the company before finalizing the timetable.

- **TRANSPORTATION**

Need to book tickets with sufficient hold luggage weight and size, there are 4 different volumes:

- 2 large luggage about 32KG
- 1 cover 110cm x 30cm about 20KG
- 1 large volume around 60cm large (5k)
